Call for Papers for ECE Student Research Conference

IEEE Opportunity Research Scholars Symposium (ORSS) 2024 is open to undergraduate or masters* student co-authors from any institution. Topics of interest include subject matter research within the field of electrical and computer engineering, including computer science, data science, robotics, and applications. All papers must be co-authored by an student researcher with at least one faculty co-author or similar PhD mentor. Submissions must include a 3-4 page paper (standard IEEE two-column format) and a short (5 minute) MP4 video recording of a research presentation made by the student author.

Qualifying submissions will be accepted for publication as well as either a poster or oral presentation at a local track after a light review. An additional peer-review will be conducted, with accepted papers submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore’s scope and quality requirements; these papers will also be considered for the ORSS 2024 best paper awards, which will include a cash award towards attendance at a 2024 CRFID conference of choice.

**STEP 1: Qualify**
Papers must be authored by students with a faculty or similar PhD-mentor co-author.

**STEP 2: Submit**
Submit a 3-4 page paper and a 5-minute video presentation of your work to the EDAS site by the deadline for your preferred venue.

**STEP 3: Decide**
The work will be lightly reviewed and accepted for presentation at a registered interactive venue.

**STEP 4: Publish?**
The work will also undergo rigorous peer-review for inclusion within the conference proceedings, uploaded to IEEExplore if accepted.

**STEP 5: Attend!**
Document an oral, poster, or virtual presentation at one of the interactive venues.

Deadlines for Submissions
Block A – 1 April 2024
Block B – 1 May 2024
Block C – 1 June 2024
Block D – 1 July 2024

Interactive Venues
Block Zoom sessions
Atlanta, 24 April 2024
Tulsa, May 2024
IEEE RFID 24 Poster Session
more listed on website

Best Paper Winners present at
IEEE RFID 24 (June, Boston)
IEEE WISEE 24 (Dec, Daytona)
IEEE DTPI 24 (TBD)
IEEE RFID-TA 24 (TBD)
others TBD, check website

Authors of Published Papers receive peer reviews by top technology leaders from the multi-disciplinary IEEE Council of RFID community and are enrolled in the IEEE ORSS 2024 Best Paper Competition. Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore’s scope and quality requirements.

*we are including masters/MS graduate students this year in an effort to equalize the cut-off for international students studying in 3-year diploma programs + 2 year masters programs (as in many European models, contrasted to the North American system with a longer bachelor’s degree and shorter MS program). In general, the student would typically be a non-PhD student or student that is not currently enrolled in a PhD program.
